

WP

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP P-1

Congratulations. you made it to your first practice waypoint. from here you will navigate an azimuth of:

Bearing 34° True | 24.9° Magnetic

Distance 82 ft

Plot it on the map before navigating there.

On your notebook, write the grid coordinate

12S WA 26 _ _ 85 _ _ (1 Point)

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP P-2

Congratulations you made it to the second practice waypoint. from here you will plot and navigate to the start point for the full course.

Start Point:

USNG 12S WA 26287 85288
ELE7777'

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP 0

You have found the “TP start” waypoint

From the start point you will plot a waypoint on your map as follows:

Bearing 320.2° True | 311.1° Magnetic

Distance 192 ft

Plot it on the map before navigating there. And radio in the grid coordinate.

Write the grid coordinate

12S WA 26 _ _ 85 _ _ (1 Point)

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP 1

You have found the “green rock” waypoint. (Radio in your arrival 1 point)

Plot your next point as follows:

Bearing 359.6° True | 350.6° Magnetic
Distance 123 ft

Plot it on the map before navigating there. And radio in the grid coordinate.

Write the grid coordinate

12S WA 26 _ _ 85 _ _ (1 Point)

Bigfoot says: SS

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP 2

You have found the “Big Slab” Waypoint. (Radio in your arrival 1 point)

From here your instructions will get a bit vague since the person who created this course did not remember well where he went. He only remembers that he walked from here exactly to the west and in a straight line until he found "a trail".

Plot it on the map before navigating there. And radio in the grid coordinate.

Write the grid coordinate

12S WA 26 _ _ 85 _ _ (1 Point)

And then from that point he walked south on the trail and for 681 feet. Until he found the tree pictured in the sketch, or the photo hint.

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP 3

You have found the “Departure Tree Waypoint”.
(Radio in your arrival 1 point)

From here the next waypoint will be as follows.

While standing right next to the LEFT side of the tree that is in your sketch, or the photo hint.

Bearing 6.3° True | 357.2° Magnetic
Distance 430 ft

Plot it on the map before navigating there. And radio in the grid coordinate.

Write the grid coordinate

12S WA 26 _ _ 85 _ _ (1 Point)

Bigfoot says: XN

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP 4

You have reached the "2 and fallen trees" waypoint.
(Radio in your arrival 1 point)

Stand in between the 2 twin trees growing next to each other as pictured in the middle of the sketch, or photo hint.

You will see that the trees have fallen in a triangle formation; and from where you are standing they appear to create an arrow pointing the way. Take that azimuth and you will follow that azimuth until you encounter a trail again.

Use your map and plot the point where after following that azimuth you will intercept the trail.

Plot it on the map before navigating there. And radio in the grid coordinate.

Write the grid coordinate 12S WA 26 _ _ 85 _ _ (1 Point)

once you intercept the trail you will walk on the trail to the north. until you find the next waypoint.

Bigfoot says: EI

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP 5

You have found the Rock Staircase Waypoint (Radio in your arrival 1 point)

From here you will continue on the trail until you arrive at the following grid coordinate.

USNG 12S WA 26316 85628
ELE 7815'

Bigfoot says: EV

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE

WP 6

You have arrived at the "Trail Head" Waypoint (Radio in your arrival 1 point)

From here your goal is to get as fast as safely possible back to the "TP Start" waypoint (WP 0)

USNG 12S WA 26287 85288
ELE 7777'

You may choose any path.

The clock is ticking.

What Did Bigfoot Say??? (BONUS 13 points).

Civil Air Patrol Land Navigation FTX

DO NOT DISTURB OR REMOVE
